

BARON MAXIME

FRENCH ROMANCE

Vin de France

2021

TERROIR

A blend of two different clay-limestone soils from two southern French terroirs: Gascogne and Languedoc

GRAPE VARIETIES

Colombard (*Languedoc region origin*) 80%
Muscat petit grain (*Languedoc region origin*) 20%

WINEMAKING

A traditional winemaking for both varieties, the Colombard has been left to mature on lees for over a month before blending.

This blend is carefully balanced to ensure that the Muscat doesn't predominate.

TASTING NOTES

Slightly straw colored, with a hint of green tint; the French Romance Colombard-Muscat is distinguished by its fresh nose, its notes of pineapple, lychee and tropical fruits.

The mouth is very fresh and crispy, with a light finale of natural sweetness brought on by the Muscat. Great to sip on its own. Or to complement starters, onion/vegetable pizza, clam chowder or spicy mussels, or a plate of tangy cheeses. Served at 8°C-10°C (46°F-50°F).

MAGIC

Magic label! The "M" monogram on the front-label will turn into a dark jewelled crown, once the wine is cooled to its optimal serving temperature.
